

Union County Amateur Radio Club Weekly Net

“This is ~~YOUR CALL SIGN.~~ opening this week’s Union County Amateur Radio Club Net.”

“Is there any Priority, Emergency, or Time Sensitive traffic for the Net at this time? Please call Net Control ~~YOUR CALL SIGN.~~ now.”

If there is traffic, allow the station to announce the traffic and see if another station is available that can take the traffic. After the traffic is passed or if no station is available to take the traffic, resume the net.

[if Hearing none]: “This Net is open to all amateur Radio Operators interested in Amateur Radio and learning more about our hobby and sharing what you know with the rest of the group. This is a Directed Net with a Net Control operator, but we want to keep it as informal and interesting as practical, while using Directed Net procedures.”

“We will take check-ins; mobiles first, then any wishing to check in and out (have other places to be), Echolink check-ins, then all other check-ins 3 at a time (or in any order you want to take them).
Are there any mobile stations wishing to check in call net control now
